

# Daily Overview

## September 6<sup>th</sup> - 12<sup>th</sup>

### Tuesday, September 7<sup>th</sup>

#### Nature Watch Hermann Muigg

This tour means getting up early! The fascinating spectacle of the rising sun and Tux Alps reflected in the lakes are a more than adequate reward for the early start! We travel by minibus to the Nasse Tuxalm (1,843 m). From there, it's a gentle climb to the „Torseen“ (lakes at 2,258 m), where we enjoy the sunrise. Having taken some wonderful snapshots, the tour takes us to Ramsjoch where we enjoy our light breakfast. After this rest we head on to our second summit Grübelspitze (2.395m). From here we have a magnificent view down to Junsalm and Eggalm. Our descent leads us to Eggalm cablecar which we take down to the valley.

#### Sunrise Photo-Safari

#### Experience Alpine forests A playful tramp for the whole family

On this pedagogical trip visitors will get an impression of all the different important functions of the mountainous forest of the region. It serves as a natural habitat for lots of animals but also works as a protection against avalanches and erosion. Lots of information will be given about how the ecosystem of the forest is working. There is also a surprise waiting for all participants. Especially children will like it because there are many different things to do and our guides are experts in giving guided tours to children.
